

## OneLife iM60 - *The ultimate in relaxation.*

The most technologically advanced massage chair on the market, the iM60 gives an amazing massage identical to that delivered by several pairs of human hands. Imagine a therapeutic massage to almost every muscle in your body, simultaneously, in the comfort of your own home, whenever you desire!

With its combination of '3D' intelligent massage, leg & arm massagers, heat and music therapies all backed by the extensive Onelife warranty, the iM60 really is the only choice!

## PRODUCT FEATURES

- The iM60 is equipped with an intelligent four-wheel driven '3D' massage mechanism. '3D' massage is the latest in massage chair technology and means the massage mechanism can not only move up and down but can also move backward and forward and adjusts to the contours of your back.
- The iM60 will automatically check the shoulder position and adjust according to the body shape enabling the chair to give a customised massage with a real human feel.
- With state-of-the-art arm massagers, the iM60 does not miss a muscle from head-to-toe.
- Offering 4 pre-programmed massage modes and the ability to create a personalised program the iM60 can do it all.
- Built in MP3 player equipped with high quality headphones.
- Manual massage functions enable the user to pinpoint the exact area that requires attention using any of the massage styles-kneading, tapping, shiatsu, shoulder lift and grasp.
- The iM60 comes equipped with 36 airbags in the arm region and 45 airbags in the lower region with adjustable air pressure intensity options.
- The iM60 can recline to flat at the touch of a button.
- The buttocks and feet vibration also have adjustable intensity options to customise the massage to your individual needs.
- The built-in heat function in the backrest cushions and the handheld jade heat therapy attachment, offer excellent pain relief for those aching muscles and joints.
- Fully adjustable length of foot rest.
- Comes 99% complete in box.
- 1 year standard warranty.
