## MASSAGE CHAIR

**ONELIFE™**  
LUXURY MASSAGE CHAIRS

**Recline in the 1 Series Massage Chair and treat sore muscles in your neck, shoulder, back, legs and calves, all in the comfort of your own home.**

- Massage rollers gently relax and penetrate sore muscles and massage the entire length of your back from the neck and shoulders to the back and waist areas.
- A choice of 2 different massage functions: kneading or pressing can be selected via the wired remote control and have been designed to replicate the same techniques used by massage therapists.
- Control the speed of each massage function with a choice of 3 different settings.
- Various positions of the massage rollers (including shoulder height adjustment) can be set via the remote control to target sore areas of your body.
- The automatic massage program can be selected via the remote control for quick and easy relaxation. This automatic program features the upper body, neck and shoulder or back and waist areas.
- The arm rests of the 1 Series feature a soothing arm vibration massage function with a choice of 3 different intensity settings.
- The seat area features a vibrating function that relaxes muscles and increases circulation throughout the body. Choose between 3 different intensity options.
- The foot unit is fitted with a pair of kneading hands which massage and rejuvenate calf and leg muscles.
- Recline at the touch of a button from upright to near-flat via the remote control to ensure you have the most comfortable massage position.
- The 1 Series is covered in piano black, long lasting man-made leather and is easy to clean and maintain. Other colours and materials are also available.
- Side pockets offer excellent storage options.
- Caster wheels are located at the rear of the chair for easy mobility.
- A 2 year manufacturer's warranty is included.
- One Life is proudly Australian owned and operated.

**Treat muscle soreness in your neck, shoulders, back and legs.**

Target sore muscle areas via the remote control.

# 3 SERIES

## MASSAGE CHAIR

**ONELIFE™**  
LUXURY MASSAGE CHAIRS

**The massage techniques in the 3 Series Massage Chair have been designed to replicate the styles of massage therapists and healthcare professionals.**

- 32 airbags located throughout the seat and leg area of the chair work in synchronisation with the massage rollers to increase circulation and blood flow to all parts of the body, which in turn can strengthen the immune and nervous systems.
- A choice of up to 5 different massage functions can be selected via the backlit LCD control screen: shiatsu, kneading, flapping, knocking and simultaneous kneading and flapping.
- 4 automatic massage programs can be selected via the LCD control screen for quick and easy relaxation; comfort, ease, ache relieving, fatigue recover.
- Customise the speed and intensity of your massage with up to 5 different settings.
- Concentrate on sore areas using the back stretch feature which allows you to control the height of the massager rollers. Choose between the full length of your back, one third or pin-point one specific area.
- 5 different width settings of the massage rollers are also adjustable on certain massage techniques to allow you to target the exact area of your back you require.
- The seat and foot area of the 3 Series features a series of airbags and vibrating nodes that can be adjusted via the LCD control screen. Select between 3 airbag intensity modes as they deeply massage and penetrate calf, ankle and foot muscles.
- Recline the 3 Series at the touch of a button from upright to completely horizontal. The backrest and foot unit can be reclined independently via the remote control to offer the most comfortable massage position.
- The 3 Series is covered in piano black, long lasting man-made leather and is easy to clean and maintain. Other colours and materials are also available.
- Caster wheels are located at the rear of the chair for easy mobility.
- A 2 year manufacturer's warranty is included.
- One Life is proudly Australian owned and operated.

Relax with a choice of 4 automatic massage programs.

# 6 SERIES 3D

## MASSAGE CHAIR

**ONELIFE™**  
LUXURY MASSAGE CHAIRS

Equipped with intelligent 3D technology for the ultimate massage.

[www.one-life.com.au](http://www.one-life.com.au)

# 6 SERIES 3D

## MASSAGE CHAIR

**Featuring intelligent 3D massage roller technology, arm massagers and the ability to totally customise every movement, the 6 Series 3D delivers the ultimate full body massage for relaxation and muscular treatment.**

- The intelligent 3D technology allows the massage rollers to move up and down, left and right and back and forth to deliver the ultimate muscular treatment and relaxation therapy for your body.
- 85 air bags are located throughout the 6 Series 3D. The air bags work in synchronisation with the 3D massager rollers to stimulate muscles and increase circulation and blood flow to all parts of the body, which in turn can strengthen the immune and nervous systems.
- A carbon fibre heating element in the backrest of the 6 Series 3D radiates heat up to 40 Degrees Celsius. This dramatically improves elasticity and increases circulation and the overall effectiveness of your massage treatment.
- Arm massagers each with 18 air bags assist in treating muscle soreness in the forearms, elbows and wrists.
- A choice of up to 6 different massage functions can be selected via the backlit LCD control screen: shiatsu, kneading, flapping, knocking and simultaneous kneading and vibrating.
- The backlit LCD control screen allows you to fully customise any part of your massage. Pin-point the area in which you would like to target with up to 5 different width, speed and intensity settings.
- 5 automatic massage programs can be selected via the LCD control screen for quick and easy relaxation.
- A jade thermotherapy heat wand helps increase muscle elasticity and radiates heat in hard to reach places. The heat wand contains 5 heat nodes which can be set from 40 to 70 Degrees Celsius.
- Relax and listen to your favourite music with the in-built MP3 player and stereo headphones. Try the synchronous music massage function for a different experience which matches the massage intensity to the frequency of the music.
- Recline the 6 Series 3D at the touch of a button from upright to completely horizontal. The backrest and foot unit can be reclined independently via the remote control to offer the most comfortable massage position.
- The foot unit features 45 air bags and a series of vibrating acupressure nodes to relax, penetrate and stimulate calf, ankle and feet muscles. The foot unit of the iM60 is unique as the length can be adjusted when it is reclined, making it ideal for taller people.
- The 6 Series 3D is covered in piano black, long lasting man-made leather and is easy to clean and maintain. (Other colours and materials are available).
- Caster wheels are located at the rear of the chair for easy mobility.
- A 2 year manufacturer's warranty is included.

**The 6 Series 3D is equipped with the latest 3D massage roller technology. Optical sensors in the backrest continually monitor the contours of your back and make adjustments to the 3D rollers during your massage.**

## FOOT MASSAGER

ONELIFE™  
LUXURY MASSAGE CHAIRS

**The iF01 foot massager relaxes and stimulates muscles in your feet, calves and ankles. A combination of vibrating pressure nodes and a unique four part kneading system will deeply massage and penetrate your muscles, significantly increasing blood flow and circulation.**

- The unique 4 part massage kneading system deeply penetrates and massages muscles in your calves, ankles and feet.
- The strength of the massage kneading system is easily adjusted via a push button control on the top of the unit with 3 different settings. This is ideal for increasing circulation, treating injuries and muscle rehabilitation.
- Pressure nodes located under the feet cushions in the foot massager are strategically positioned to relieve stress and tension in your feet.
- An adjustable vibration function assists in soothing the muscles and soles of your feet while you are enjoying your massage. The strength of the vibration function is also controlled via a push button on the top of the unit.
- Achieve the perfect ergonomic position of the foot massager with the adjustable height stand.
- Detachable fabric covers on the foot massager can easily be removed and are machine washable.
- Compact and easy to store, the foot massager can be stored around the home or office and is 48cms wide x 45cms high x 40cms deep.
- The foot massager features an auto power-off function if left unattended for 15 minutes.
- A 12 month manufacturer's warranty is included.
- One Life is proudly Australian owned and operated.

## MASSAGE CHAIR

**ONELIFE™**  
LUXURY MASSAGE CHAIRS

**State-of-the-art features, air bag technology and life-like massage rollers make the iM30 an ideal choice when looking for a massage chair.**

- The life-like massage rollers knead, stimulate and relax muscles and ligaments in your neck, shoulders, back and waist. The massage roller system has been designed to replicate the same techniques used by massage therapists.
- 33 air bags located throughout the chair work in synchronisation with the massage rollers to increase circulation and blood flow to all parts of the body, which in turn can strengthen the immune and nervous systems.
- A choice of up to 6 different massage functions can be selected via the backlit LCD control screen: shiatsu, kneading, flapping, knocking and simultaneous kneading and flapping.
- Customise the speed and intensity of your massage with up to 5 different settings.
- Manually adjust the massage rollers via the LCD control screen to pin point and target sore muscle areas that require extra attention in your back.
- 3 automatic massage programs can be selected via the LCD control screen for quick and easy relaxation.
- The foot unit features an inbuilt heater, vibrating nodes and a series of air bags to deeply massage and penetrate calf, ankle and feet muscles.
- Relax and listen to your favourite music with the in-built MP3 player and stereo headphones. Try the synchronous music massage function for a different experience which matches the massage intensity to the frequency of the music.
- Recline the iM30 at the touch of a button from upright to completely horizontal. The backrest and foot unit can be reclined independently via the remote control to offer the most comfortable massage position.
- A jade thermotherapy heat wand helps increase muscle elasticity and radiates heat in hard to reach places. The heat wand contains 5 heat nodes which can be set from 40 to 70 Degrees Celsius.
- The iM30 is covered in piano black, long lasting man-made leather and is easy to clean and maintain. Other colours and materials are also available.
- Caster wheels are located at the rear of the chair for easy mobility.
- A 2 year manufacturer's warranty is included.
- One Life is proudly Australian owned and operated.

**Before the massage commences, state-of-the-art optical sensors perform a detailed scan of your back. This information is used to program the massage rollers, providing a tailored massage to your body shape.**
